Entering Grades for you assignment

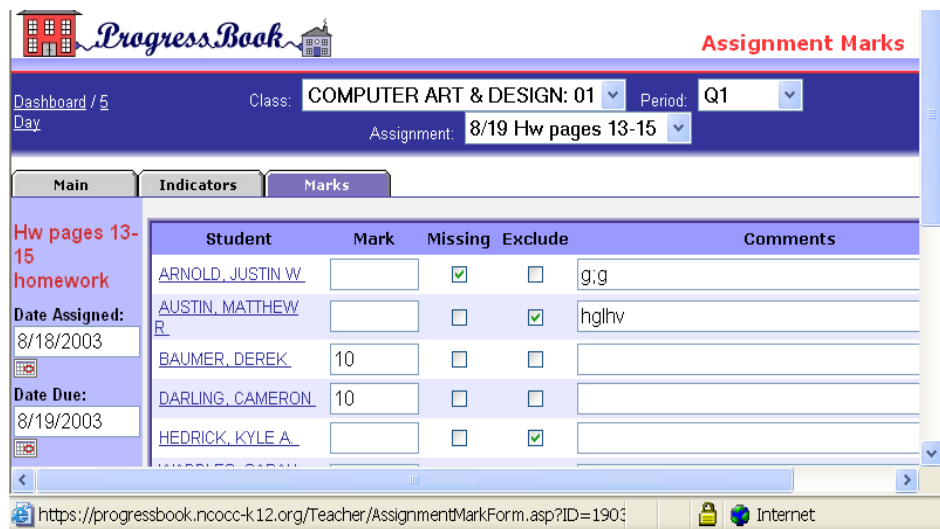

After you save your assignment: You will now have 3 tabs across the top

Entering Indicators for Assignments: This is an optional step.

You can add indicators for that assignment if you wish. Click on the Indicator Tab. These are State Standards.

Enter Marks

To enter Marks for an assignment simply click on the Marks Tab. At this point you can enter the Mark (grade) of the Assignment. *On the screen shot the students have received 10 out of 10 points.*

Options:

- You can also click if the assignment is missing, *counts as a zero* or if it is to be excluded from the calculations, *does not calculate in final grade*.
- If you mark an assignment missing, it will show on the class dashboard beside the student name!

- You can also add a comment about the mark or the assignment if you want. This is an individual comment for that assignment. Printed reports will show it and it will be seen on Parent Access.

Grade book grid: The Grade book grid is a more traditional view of your grade book. There will be a shortcut to it on the dark blue ribbon.

- You can also enter grades on it. As soon as 1 grade is entered, you should see an average.
- You can go to Create an Assignment from this screen.
- Click on the shortcut at the top of each column to go back to that assignments info.
- It will show the current day attendance and an area for daily comments.
- Note the color code for squares in the grid. The past due feature is new, showing marks left blank on the
- In the pink box at the bottom of the screen you can adjust the page for display features that meet your personal needs.
